KSRTC drivers get life-saving skills

First-of-its-kind initiative by Health and Family Welfare Department

Mysuru, Sept. 13 (RK&BCT)- In a first-of-its-kind initiative in Mysuru, the Department of Health and Family Welfare has organised a two-day 'Skill-based Training Programme on First Responder' for KSRTC divers. The event began at District Health Training Centre at Jayalakshmipuram this morning and was inaugurated by District Labour Officer Rajesh Jhadav. Today, over 100 KSRTC drivers were trained and by tomorrow evening, 100 more will be trained.

According to the Principal of District Health Training Centre Dr. L. Ravi, this training aims to equip KSRTC drivers with skills to administer first-aid to patients. The programme is targeted at strengthening the chain of survival in society.

Golden Throne to be assembled on Sept. 20

Mysuru, Sept. 13 (SBD & KS)- With the formal inauguration of *Naada Habba* Dasara atop Chamundi Hill scheduled for Sept. 26, preparations are underway at the Mysore Palace to celebrate Navarathri rituals in a traditional manner and the gems-and-diamond-studded Golden Throne will be assembled at the Palace on Sept. 20.

The Private Durbar *(Khaas Durbar)* by the royal family during Dasara is one of the main attractions and the same will be held from Sept. 26. Titular head of the Mysore Royal family Yaduveer Krishnadatta Chamaraja Wadiyar will hold the Private Durbar by sitting on the Golden Throne.

The dismantled throne will be brought out from the strong room situated in the basement of the Palace in the presence of the members of the Mysore royal family and officials from the District Administration under tight security. The process of assembling it will begin in Durbar Hall on Sept. 20.

After the dismantled throne is brought from the strong room, *Navagraha Homa* and other rituals will be held and the throne will be assembled at the Palace for which the Royal Elephant, Royal Cow and Royal Horse will be the witness.

Gejjagalli villagers to assemble throne

The Golden Throne which is divided into 13 parts such as the seat, steps to ascend the throne, umbrella etc. will be assembled together and the process of assembling the throne is known as 'Swarnasana Jodana Karya.'

Rs. 5,000 instant loan costs engineer Rs. 19.46 lakh

Scamsters shame him by circulating morphed photos among friends and relatives

Mandya, Sept. 13 (BCT)- There has been a steady rise in cases of cyber crime fraud. In yet another incident, a civil engineer from K.R. Pet in Mandya has been cheated, harassed and subjected to illegal extortion of money by agents of an instant loan app. The victim has registered a complaint with the Cyber Economic and Narcotics (CEN) Crime Police Station in Mandya.

The civil engineer (name withheld on request) obtained a loan of Rs. 5,000 for an urgent need from an instant loan app. But he ended up paying Rs. 19.46 lakh in four months due to the constant harassment meted out to him by the agents of the app.

Instant loan apps attack the digital ecosystems by promising quick money to those who are running from pillar to post for either a new job or making quick money to meet sudden expenses. These apps send hundreds of texts, emails, and social media promotion postings daily, providing immediate loans without having to leave the house.

Agents use *Telegram, WhatsApp* and *Facebook* to contact their targets and request that they download the company's app for verification. The programme grabs data from the phone as soon as it is downloaded, including contacts, social media chats and photographs.

In his complaint, the civil engineer stated that he had applied for a loan on Jan. 15 through the 'RupeeWay' loan app and the agents promised that he can repay the Rs. 5,000 loan in 180 easy instalments. Lured by the offer, the civil engineer agreed to the terms and conditions blindly and shared his personal data for 'approval'.

After he received the so-called approval, the engineer was asked to clear the loan within 7 days and he paid up Rs. 5,400 on Jan. 17 and heaved a sigh of relief. But the harassment did not stop.

Accessing contact data

While applying for instant loans on mobile phone applications, all the personal data of the applicants would go to the company of the accused persons, which they then used for harassing people who failed to repay loans.

The accused morphed obscene images of the victims who failed to repay loans or defaulted on the payment of interest and circulated the same to their friends and family members.

The same happened in the civil engineer's case where his contacts were accessed and he was blackmailed. "I was threatened by the agents that they will morph my photos and send them to my friends and contacts on WhatsApp. I feared for honour and paid up Rs. 13,429 on Jan. 18," the engineer told the Police in his complaint.

62nd Tibetan Democracy Day celebrated at Bylakuppe

Bylakuppe, Sept. 13 (Rajesh)- The 62nd Anniversary of the Tibetan Democracy Day was celebrated here at His Holiness Dalai Lama Palace at Bylakuppe.

Ven. Geshe Tashi Tsering, the Chief of Sera Me Monastery, was the chief guest on this occasion who called all the Tibetan to strengthen the hands of Dalai Lama in order to reach the goal of getting freedom to Tibet.

B.V. Javaregowda, the President of Indo-Tibetan Friendship Society (ITFS), who was the guest of honour on the occasion, said that, an atmosphere should come to the Tibetans to celebrate their Democracy Day at Lhasa, the Capital of Tibet.

He also appealed to the people of Republic of Chaina to respect the human rights of the Tibetans at least by granting an autonomous status to the Tibet as proposed by Dalai Lama.

Chime Dorje, the Settlement Officer, read out the statement issued by the Tibetan Government in Exile. Chombel, the Member of Parliament of Tibetan Government in Exile, readout the statement issued by the Tibetan Parliament in Exile.

Several cultural programmes were organised on this occasion and Youth Empowerment Award of 2022 was given to Dawa Dolma by the chief guest on this occasion.

Tenzin Lodoe, the President of the Tibetan Retired Army Officers Association, proposed a vote of thanks. Earlier, the programme was inaugurated by the chief guest by lighting the lamp and offering scarf.

Appreciated by Kalam's World Records

Mysuru, Sept. 13- M.D. Chaya, a 2nd semester student of Computer Science Department, Mysore College of Engineering and Management (MyCEM), has been appreciated by Kalam's World Records for her talent of writing a song, composing and singing it in the least time of 3 minutes and 41 seconds, as confirmed on 12.5.2022. This achievement is registered in Kalam's World Records.

EDITOR'S BOTTOMLINE

What can be done, so we do not see the horrific flood events that Bengaluru has faced this week? First, there must be a recognition that these incidences are climate change-led events. Therefore, the city's infrastructure must be redesigned to look at past events and future projections. Second, Bengaluru's numerous lakes and ponds have been its first line of defence under freak weather events and must be protected. IPCC (Intergovernmental Panel on Climate Change) report talks about preserving the city's blue and green infrastructure, which must be implemented. Third, the adaptation plan for Bengaluru must be made, updated and implemented in letter and spirit.

Governance capacity, financial support, and the legacy of past urban infrastructure investment constraints are reasons why Bengaluru cannot adapt to these extreme weather conditions. They need to be corrected soon, or we will see these pictures again in 2023.

Buy your own electric fire truck for 2,600 dollars

New York: At only 2,600 dollars, the Robeta electric fire truck may just be the world's most affordable fire truck. Not to mention you can buy it on Alibaba!

Fully decked-out fire trucks usually cost hundreds of thousands of dollars, but municipalities, businesses, or even individuals looking to protect themselves against fire on the cheap now have a truly affordable and environment-friendly option. The Robeta fire truck is a one-seat full-electric vehicle with a range of 31-37 miles (50 – 60 kilometres) and a decent fire-fighting arsenal. It's certainly not the most impressive fire truck ever made, but for 2,600 dollars, you have to keep your expectations in check.

This adorable little fire engine is a mere 2.4 meters long, features full LED lighting, and hydraulic brakes that give it a stopping distance of just 3 meters (10 feet).

Ty Cobb's dentures up for auction

California: A California-based auction company is selling off an unusual piece of Detroit Tigers memorabilia: Ty Cobb's dentures.

SCP Auctions said that the upper and lower sets of dentures are included in the lot, alongside a "brass opening device."

The teeth belonged to Cobb, who played for Tigers from 1905 to 1926 and died in 1961. The item description says the "one-of-a-kind artifact has been preserved in immaculate condition since Cobb's death."

Cobb still holds the Major League Baseball record for career batting average at .366. At one point, Cobb's famous jaws were loaned to the Baseball Hall of Fame where they were displayed in the museum in Cooperstown, N.Y.

Immersion of Ganesha idols:
People throw rules to the wind

Sir,

This refers to the pictorial report titled ***"CNNL workers remove Ganesha idols from canals"*** in *Star of Mysore* dated Sept. 10.

Year after year, the Government bans Plaster of Paris (PoP) idols and year after year, people violate them. They don't care because they know that the Government too does not care.

It is disgusting that people have no regard for rules and no commitment to saving the environment. Open air defecation and urination, throwing trash on the road, not wearing helmets, driving the wrong way on a one-way and jumping signals are common. Why? Because the Government does not care.

Proof of the matter is year after year when it rains, cities come to a standstill, potholes are never attended to, and re-topping of roads is done unscientifically. All that the Government cares about is power at any cost.

If they really cared, then there would have been teams of personnel to go around checking the PoP idols being sold. Licences have to be made mandatory for both the makers and sellers of idols. Also, a fixed point in rivers, lakes and canals has to be manned by personnel to supervise all idols that are being immersed.

Heavy fines must be imposed on people who harm the environment and the makers and sellers have to be penalised. The penalty should be double every time and repeat violators have to be jailed.

Prashant Kishor to advise JD(S) on revival strategy

Bengaluru, Sept. 13 (KMS & BCT)- Poll strategist Prashant Kishor will formulate several measures to revamp JD(S), with the mandate to bring the party back to power in the next Assembly elections. Several macro and micro manoeuvres will be chalked out by the strategist that will benefit the party.

Sources told *Star of Mysore* that Telangana Chief Minister K. Chandrashekar Rao has asked Prashant Kishor to work with former Karnataka Chief Minister and JD(S) leader H.D. Kumaraswamy and bring JD(S) back to power in Karnataka which has seen the rules of both Congress and the BJP.

The Telangana CM met Kumaraswamy recently where he apparently told the latter not to tie up with any political party but to continue to work in the

Prashant Kishor

interests of farmers, a need of the hour now when the farmers are in deep distress. In light of the discussions, Chandrashekar Rao has asked Prashant Kishor to outline strategies.

JD(S) top brass wants to come out of the image of being a family-centric party. A makeover of the party image as a family-run and family-only party while not loosening the grip on the machinery will be proposed.

Image makeover

Also, an image makeover for their CM candidate, Kumaraswamy, is also on cards along with the projection of two young faces, two grandsons of former PM H.D. Devegowda — Nikhil Kumaraswamy and Prajwal Revanna.

The party's footprint has been restricted to the Old Mysore region and its primary vote bank is Vokkaligas.

Prashant Kishor will look into increasing the footprint of the party across Karnataka. Importantly, efforts will be made to project JD(S) as a party which is not just a kingmaker, but capable of forming a Government on its own.

Sources said that since the outcome of the Lok Sabha polls in May 2019, several young leaders in the party have been asking in the party forum to consider taking the services of Prashant Kishor and the party leadership had also approached the poll strategist.

Kishor, through his consultancy firm I-PAC, had been involved with the BJP and the Congress before. While he was part of the success of Y.S. Jaganmohan Reddy-led YSRP in Andhra Pradesh, the Aam Aadmi Party (AAP) roped him for the Delhi Assembly elections.

For several months, the JD(S) has been trying to firm up its understanding with I-PAC but it has not been able to move forward. The JD(S) wants to reach out to the younger generations and as part of the strategy to do so, social media platforms will also be used extensively. It has felt the need for professional advice to attract them to the JD(S).

Ashok Haranahalli calls for Brahmin unity

Mysuru, Sept. 13 (MTY&DM)- Calling upon Brahmin community members to stay united in the better interests of the community, Akhila Karnataka Brahmana Mahasabha President Ashok Haranahalli said that the Mahasabha has evolved plans for extending financial help to poor Brahmins.

He was speaking after being felicitated by Mysuru City and District Brahmins Association and Mandagere Manjunath Abhimanigala Balaga at 'Ashokabhinandana' programme organised at Hoysala Karnataka Bhavan on N.S. Road here on Saturday.

Noting that the Brahmin community has split into 3-4 splinter groups for various reasons, Ashok said that this will prove to be detrimental to the interests of the community at large.

Recalling the Mahasabha elections, he said that though several community leaders of Mysuru supported their own candidates, it is now time for expressing unity and solidarity in the larger interests of the community.

Maintaining that Brahmin community leaders were at the forefront of freedom struggle, he stressed on the need for promoting nationalism and patriotism. The Mahasabha will seek the help and support of NRIs of the community in extending financial help for taking care of

education, elderly care and life needs of poor Brahmin families, he added.

Brahmin Yuva Vedike Organising Secretary Ajay Shastri said that a community delegation comprising of elected people representatives and legal experts should be talk to the Government for seeking benefits and facilities to the community.

City and District Brahmins Association President D.T. Prakash presided. MLA S.A. Ramdas, MP Pratap Simha, former MUDA Chairman H.V. Rajeev, Hoysala Karnataka Sangha former President K.R. Satyanarayana, Vedic Scholar Bhanuprakash Sharma, Corporator M.V. Ramprasad, Mysuru Brahmin Yuva Vedike office-bearers Jayasimha, Sridhar, Ranganath, Vijay Kumar, Jagadish, Prashanth, Suchendra and Chakrapani were present.

Brahmin Yuva vedike seeks constitution of delegation of community leaders

Mysuru, Sept.13 (RKB&DM)- Urging the Government to constitute a delegation comprising Brahmin community leaders, people representatives and legal experts in order to ensure that Government benefits reach the community members, city's Brahmin Yuva Vedike submitted a memorandum in this regard to Akhila Karnataka Brahmana Mahasabha President Ashok Haranahalli here on Saturday.

Speaking on the occasion, Vedike Organising Secretary Ajay Shastri said that the Union Government has announced ten percent reservation for the poor from upper castes. But this scheme is yet to be implemented in Karnataka and as such the poor from upper castes are deprived of reservation benefits. This apart, Brahmin community members are finding it difficult to get caste certificates and the initiatives of the Brahmin Development Board are yet to reach the targeted beneficiaries, he maintained.

Demanding the Government to accord Medical Insurance cover to those who have crossed 50 years of age, Shastri also appealed for issuing lifetime caste certificates to Brahmin community members. MP Pratap Simha, former MUDA Chairman H.V. Rajeev, Mysuru City and District Brahmin Association President D.T. Prakash and others were present.

Reintroduction of Cheetahs in India

RMNH holds awareness at schools

PM Modi to release Cheetahs at Kuno National Park in Madhya Pradesh on Sept. 17

Mysuru, Sept. 13 (BCT)- To create awareness among children, the Regional Museum of Natural History (RMNH) in Mysuru has been organising offline programmes on the 'Reintroduction of Cheetahs in India' through extensive physical interaction with students during the campaign from Sept. 9 to 16.

The purpose of the introduction is to create curiosity and awareness among the children about this important extinct species which will be reintroduced in India. During this period, campaigns will be organised where the resource persons from the museum will interact with students.

PM to release Cheetahs

Meanwhile, Prime Minister Narendra Modi will inaugurate the 'Reintroduction of the Cheetahs' project at the Kuno National Park in the Sheopur district of Madhya Pradesh on Sept. 17. PM Modi will also release Cheetahs being brought from Africa into the State's forests. The big cat species will be reintroduced in India after 70 years since being declared extinct in 1952.

The Cheetahs for release into the selected sites in India would be sourced from the ancestral South African Cheetah and Namibian populations. The South African population of Cheetah was found to be equally close genetically as any other sub-species to the extinct Indian Cheetah.

Reports said that the first batch of eight animals — five females and three males — will arrive in Jaipur on Sept. 17 from where they would be heli-lifted to Kuno National Park for the PM to release them in their designated quarantine enclosure. After spending a month in quarantine, the animals would be released in a larger holding area where live prey would be available.

IUCN guidelines followed

Under the ambitious project of the Indian Government, the reintroduction of wild species particularly Cheetah is being undertaken as per the International Union for Conservation of Nature (IUCN) guidelines.

After the reintroduction, the Cheetahs will serve as a flagship to save not only its prey base but also other endangered species of the grassland and semi-arid ecosystems and ensure better management and restore their ecosystem. It will contribute to the global effort toward the conservation of the Cheetahs as a species and additionally, Cheetah's introduction is likely to improve and enhance the livelihood options and economies of the local communities.

Programmes in Mysuru

"The release of Cheetahs is an important step towards wildlife conservation in India and also it is a proud moment for every Indian citizen. The students are exited to welcome the Cheetahs back into the wild," said M. Vijay, RMNH scientist.

The RMNH Mysuru has been conducting awareness programmes in schools across Mysuru city and has so far covered 16 schools. "The target is 50 schools in and around Mysuru and resource persons (Scientist Dr. A.P. Tiwari and Educational Officers S.J. Sreenivasa and B.S. Yogendra) are also conducting awareness at schools in Bannur, Malavalli, T. Narasipur, Gavadagere and Hunsur.

Project Tiger, Project Elephant

The project aims to re-establish the species in its historical range in the country. India has a long history of wildlife conservation. One of the most successful wildlife conservation ventures 'Project Tiger,' which was initiated way back in 1972, has not only contributed to the conservation of tigers but also to the entire ecosystem.

The 'Project Elephant' was launched in 1992 to protect and conserve Asian elephants in India. Similarly, many successful reintroduction programmes have been carried out in India. In continuation, the reintroduction of Cheetahs which we have lost recently is one step ahead and a milestone in the history of wildlife conservation in India.

Bengaluru doctor runs 3 km to perform surgery

Stuck in a traffic jam, surgeon leaves car with driver on the road and runs

A video grab of Dr. Govind Nandakumar running to reach the hospital for surgery.

Bengaluru, Sept. 13 (Agencies)- Traffic in Bengaluru makes it impossible many times for people with urgency to commute, forcing them to stay put for hours inside their vehicles right in the middle of the road. However, one doctor decided to beat the traffic and reached his patient in need and for this, he dumped his car on the road and literally ran to save the life of his patient.

On Aug. 30, **Dr. Govind Nandakumar,** a gastroenterology surgeon at Manipal Hospitals, was on his way to perform an emergency laparoscopic gallbladder surgery. However, the traffic came his way and he was stuck on the Sarjapur-Marathalli stretch.

He realised the delay could put his patient in danger and so he left his car behind and ran the remaining distance in 45 minutes to perform the crucial surgery. On normal days, that distance would have taken him about ten minutes by car.

He decided to abandon his car and he ran three kilometres to save the life of his patient.

The determined doctor also posted a video clip on Instagram showing him running on a busy Bengaluru street. Dr. Nandakumar knew it was not just the female patient waiting for the emergency gall bladder procedure, there were other patients too awaiting surgery that day.

His team got into the act as soon as the doctor steamed into the hospital, the surgery went ahead as planned and the patient was discharged on time.

"I had to reach Manipal Hospitals in Sarjapur from Cunningham Road. I left home well in time for the surgery. Due to heavy rains and water-logging, there was a traffic pile-up a few kilometres ahead of the Hospital. I decided to leave the car with the driver and ran towards the hospital without thinking twice," the 44-year-old doctor told reporters.

Netizens appreciated him for his swift action and resolution. "Huge respect for the commitment exhibited! Truly inspirational, " wrote one person.

Mayor goes on city rounds

Inspects condition of roads, hygiene and other civic amenities en-route

Mayor Shivakumar** (holding walkie-talkie) **inspecting city roads near Suburban Bus Stand this morning along with a team of officials. Though nothing concrete came out of the visit, the Mayor got a first-hand information about infrastructural issues. Picture right shows the Mayor at the under-construction multi-level parking lot at the Town Hall premises.

Mysuru, Sept. 13 (MTY&DM)- A week after he was elected as the new Mysuru Mayor, Shivakumar went on a city rounds, his first one, this morning, with the world famous Dasara less than a fortnight to go.

Only on Friday last (Sept. 9), Mayor Shivakumar had set off on a scooter, riding pillion, for inspection of the condition of city roads following numerous complaints of potholes and crater-like holes on most of the roads.

Mayor Shivakumar began his city rounds travelling in his official car this morning from FTS Circle on Mysuru-Bengaluru Road and passed through Five Lights Circle, Suburban Bus Stand, M.M. Road (Male Mahadeshwara Road, popularly known as Chatri Mara Road), Sangam Theatre Road, Town Hall, Siddappa Square, Nanjumalige and Ashoka Circle (Ballal Circle), before winding up at New Kantharaj Urs Road.

All along the route, Shivakumar inspected the condition of roads, Underground Drains (UGD), storm water drains, hygienity in the surroundings and other civic amenities.

As the Mayor stopped opposite the Suburban Bus Stand on Bengaluru-Nilgiris Road, the locals complained about frequent leakage of underground water from Maharaja Complex located right opposite the Bus Stand.

Following the complaints, the Mayor directed the officials to immediately look into the matter and to issue a notice to the owners of the complex, asking them to plug the leakages and set right the things. He also told the officials to disconnect water supply to the complex if the owners do not take corrective measures for preventing UGD leakage and overflows, despite being served notice.

When the Mayor passed through M.M. Road, people complained about an uncovered manhole nearby, which is posing a serious threat to the lives of pedestrians. The Mayor directed the officials to take measures for covering the manhole, which was reportedly left open after cleaning some days ago.

On his next stop at Town Hall, the Mayor inspected in detail, the ongoing works on the Multi-level Parking Lot in the premises. Expressing disappointment over the slow pace of works, especially when Dasara is round the corner, Shivakumar asked the officials to expedite the works and ensure that the Parking Lot gets ready for accommodating at least 200 four-wheelers during Dasara.

During his inspection at Gandhi Square, the Mayor was flooded with complaints on encroachment of footpaths surrounding it. People said that the complete encroachment of footpaths around the Town Hall and Gandhi Square by street vendors, most of whom sell clothes, had severely restricted pedestrian movement and also posed traffic problems in the vicinity. The Mayor instructed the officials to prepare a DPR soon on constructing a separate path for ensuring smooth pedestrian movement.

All along his inspection, the Mayor, after hearing and receiving complaints and grievances from the public on various civic issues and poor state of roads in most parts of the city, directed the officials to immediately address the problems.

Speaking to *Star of Mysore* after the inspection, Shivakumar said that during his city rounds, he had heard public grievances on poor state of roads, especially after heavy rains, lack of civic amenities in some areas and poor and improper civil infrastructure in several other areas.

Pointing out that with incessant rains lashing the city for the past several weeks, taking up road development and other civil works had become difficult for the MCC, Shivakumar said that MLA L. Nagendra has brought in big grants for road repairs, improvement of infrastructure and betterment of civic amenities, which will be utilised for taking up works ahead of Dasara. Stating that tenders were called and the work orders for successful bidders have already been issued, the Mayor attributed the delay in the execution of works to monsoon rains, which has continued unabated for weeks.

"As taking up road works under rains is difficult, it has been decided to adopt 'Cold Mix' technology for asphalting of roads and filling up of potholes. This technology is widely used elsewhere and with Dasara round the corner, it seems to be the best solution for fixing road issues. Besides, several other steps are being taken to ensure smooth vehicular movement on city roads during Dasara, when a huge rush of vehicles and tourists is expected. I have directed all the concerned officials to take up civil works on a war-footing to keep the city ready for Dasara. The officials are also asked take necessary measures to ensure that the city is clean and tidy in keeping with the 'Cleanest City' tag, which Mysuru had earned two times a few years ago as well as with the rich cultural and heritage traditions of the city, which is known as the Cultural Capital of the State," he pointed out, adding that priority will be given for filling up potholes and taking up road repair works wherever necessary, on a war-footing with co-operation from all concerned Departments.

Corporators M. Satish and M.B. Nagaraj, MCC Executive Engineer Sindhu, AEE Muniswamy, Development Officer Manjunath, VVWW EE Suvarna and other officials were present.

Mayor releases *Jumboo Savari* free pass for foreign tourists

Mysuru, Sept. 13 (PM&DM)- Mayor Shivakumar on Monday released free *Jumboo Savari* procession passes, brought out by the District Administration in association with the city's Kalpavriksha Trust, at a simple ceremony organised at the Mayor's office in Mysuru City Corporation (MCC) here on Monday.

Speaking on the occasion, Trust Convenor Devaraju said that the District Administration and the MCC have been allotting space in front of Government Ayurveda College on Sayyaji Rao Road for providing seating arrangements and erection of Shamiana exclusively for foreign tourists to watch the famed *Jumboo Savari* on Vijayadashami day for free for the past ten years. This year too, the Trust will continue with this initiative and the free pass has been released by the new Mayor Shivakumar, Devaraju said.

Pointing out that the seating arrangement can accommodate a thousand foreign tourists, he said that the tourists will also be provided free biscuits and drinking water. The running commentary on *Jumboo Savari* procession will be broadcast in English and Spanish languages, Devaraju said adding that hotel owners, yoga centres and educational institutions can contact the Trust office-bearers for passes — Devaraju on Mob: 91648-37773 or Padma on Mob: 99458-91099 or Prashanth on Mob: 98444-05624.

MUDA Member Lakshmidevi, nominated Corporator Asha Singh, Kalpavriksha Trust Treasurer Padma and others were present.

Golden Throne to be assembled

(Continued from page 1)

This delicate procedure of assembling the throne will be taken up by the villagers of Gejjagalli in the taluk.

On the first day of Navarathri, members of the Mysore Royal family will perform puja to the Golden Throne and only after the 'Simha Shikara' (lion head) is attached to the Golden Throne, the throne is complete. There are pictures of Brahma on the southern part of the throne, Shiva in the north and Vishnu in the middle. There are Sanskrit *shlokas* written on the umbrella and also pictures of horses, *hamsa, Swastik* and *Naagadevathe.*

Private Durbar on Sept. 26

There is a tradition of the Mysore royal family holding the Private Durbar during Navarathri and accordingly, the Private Durbar will be held by Yaduveer Krishnadatta Chamaraja Wadiyar from Sept. 26, the day when President of India Droupadi Murmu inaugurates Mysuru Dasara atop Chamundi Hill.

Kankana will be tied around the wrist of Yaduveer at Chamundi Thotti and he will be welcomed to the Durbar Hall. Yaduveer will be seated on the Golden Throne during the auspicious time to hold the Private Durbar during which entry of public and tourists is restricted.

Public entry to Palace restricted

Following various rituals to be performed by the members of the Mysore royal family as part of the Dasara festival, entry of the public and tourists to the Palace is restricted at certain timings on the following days.

Sept. 20, from 10 am to 1 pm: Religious rituals and assembling of the Golden Throne.

Sept. 26, from 10 am to 1.30 pm: Private Durbar.

Oct. 4, from 10 am to 2 pm: Ayudha Puja.

Oct. 5: Palace will be closed for the entire day for Vijayadashami.

Oct. 20, from 10 am to 1 pm: For dismantling of Golden Throne and shifting it back to the strong room.

KR constituency residents' unique protest to condemn bad roads

Residents of Krishnaraja (KR) Constituency, led by Congress leader N.M. Naveen Kumar, staged a unique protest on KSRTC Depot Road in Kuvempunagar this noon condemning the worst state of roads in the Constituency. The protesters, who shouted slogans against the State Government, planted saplings in the potholes and drew rangolies around it to draw the attention of the authorities concerned. Leaders M. Rajesh, Vinay Kanagal, Vasudev Murthy, Bharat, Phanish, Mallesh, Vijay, Anand, Umesh, Rakesh and other residents were present.

Photo expo, heritage walk, bicycle, tonga ride

Mysuru, Sept. 13- The Department of Archaeology, Museums and Heritage, as part of Dasara-2022, has organised the following programmes for students, senior citizens and tourists to enable them to know more about the importance of heritage buildings & sculptures and history of Mysuru:

Sept. 26 (10 am): Photo expo at Dasara Exhibition Grounds.

Sept. 29 (7 am): Heritage bicycle (Trin Trin) ride from Town Hall premises.

Sept. 30 (7 am): Heritage Tonga ride for couples in traditional attire from Town Hall.

Oct. 1 (7 am): Heritage Walk from Town Hall premises.

Those who wish to participate in the events mentioned above, may register their names at the Office of the Deputy Director of Department of Archaeology, Museums and Heritage, Karnataka Exhibition Authority (KEA) premises, Doddakere Maidan, between Sept. 12 and 21 from 10 am to 5 pm. Registrations can also be done by sending their names and mobile numbers to e-mail IDs: ***commr_amh@yahoo.in*** or ***ddheritagemysore@gmail.com***

For details, call Ph: 0821-2424671 or 2424673 or Dr. C.N. Manjula on Mob: 83102-50733, according to a press release.

Rs. 5,000 instant loan costs engineer Rs. 19.46 lakh

(Continued from page 1)

"I had never applied for any loan and so I thought of giving loan apps a try. I found five apps and applied for a loan on one of them. When I checked the interest rates later, I was shocked. And that was when the nightmare began as I accepted a loan offer from one of the apps," the engineer told the Police.

Shockingly, the money paid by the engineer to the loan app never reflected on the screen and he was forced to click other apps that promised similar loans. He borrowed from those apps too to repay the loan that was taken originally. By the end of April, the engineer had paid a total of Rs. 19,46,049 and he had to borrow money from his friends and family members to escape the harassment.

Morphed photos for blackmail

The engineer was threatened that he would be defamed if he did not return the loan amount. Subsequently, many people in his family and friends circle received a nude photo with his face morphed into it saying he had taken a loan and was not returning it. The photo was sent from different numbers.

"I started receiving messages and frantic calls from family and friends on my contact list about the nude photographs they had received. The scamsters had taken a picture of my face and superimposed it on someone else's body to blackmail me. I also received several photos of my relatives and friends morphed in an obscene way. My friends were told that I had sent those photos," the civil engineer told the Police.

SOUTH WESTERN RAILWAY

E-Tender Notice No. 25/MYS/2022 of 06.09.2022

The undersigned, on behalf of the President of India, invites E-Tenders for the following works.

Sl.	Name of the Work	Approx. Value
1	Hassan Yard Remodelling : Up gradation of the Std of Interlocking from STD-I to STD-III to provide simultaneous reception / dispatch in all four directions and Construction of Tower Wagon shed and Tower Wagon siding - 70m length. (Scope of the work includes the following sub works), **Sub Work I :** Earth work for formation & Grading and construction of side drain and construction of retaining wall. **Sub Work II :** Proposed Extension of Br. No. 2 for a length of 6m in Hassan Yard as part of yard remodelling. Proposed extension of Br. No. 60 as 1x3.66m PSC Slab for a length of 15m in Hassan Yard as part of yard remodeling. **Sub Work III :** Proposed S&T Accomodation, S&T Building for end Cabin 2 Nos & Extension / Raising of PF No. 1 & PF No. 2 & 3 to high level for a length of 557.5 meters and provision of water taps 02 nos for each platform.	Rs. 7,54,09,324/-
2	Hassan Yard Remodelling : Up gradation of the Std of Interlocking from STD-I to STD-III to provide simultaneous reception / dispatch in all four directions and construction of Tower Wagon Shed and Tower Wagon Siding - 70m length. KSRTC drivers get life-saving skills

(Continued from page 1)

This initiative has been taken to educate people to respond to medical emergencies. The first responder, he said, is the first person at the scene to recognise the emergency, activate an emergency medical service system and provide lifesaving first aid with minimal equipment until the emergency medical service providers arrive.

The participants will be trained in scene safety, personal protection, Cardiopulmonary Resuscitation (CPR) and how to activate an emergency response system. This programme equips the participants with essential preliminary care skills like giving rescue breaths, chest compressions and first aid for medical, trauma and environmental emergencies.

In his address, District Labour Officer Rajesh Jhadav said that every year, lakhs of people die as they do not take precautions, even the basic ones. "As per 2020 data, In India 4,49,000 accidents were reported and of which, 1,51,113 people died and 4,51,361 were injured. Most of the people who were killed and injured were those who did not follow basic precautions like wearing helmets, seatbelts and such others," he added.

"It is an initiative to train the community in providing first aid during emergencies, natural disasters and accidents and to teach life-saving skills that will save precious lives. In coming days, training will be imparted to taxi drivers, tour operators and also regular city drivers," he added.

Mysuru District Journalists Association President S.T. Ravikumar, KSRTC Labour Welfare Officer Puttegowda, Mysuru District Tourist Vehicle Owners Welfare Association President S. Nagaraj, Paediatrician of V.V. Puram Maternity Hospital Dr. Kempegowda, Nursing Officers from Bengaluru Divya, Sharath and Shivashankar, anaesthesiologist Dr. Manjunath, physician Dr. Kiran Kumar and Medical Officer of Malavalli PHC Dr. Suresh and others were present.

'Jain queen Rani Chennabhairadevi's Memorial to be built near Karwar'

SDM Educational Institutions Vice-President D. Surendra Kumar addressing the gathering after inaugurating the two-day National Seminar on 'Jain religion: Pro-social thoughts' at SDM Women's College in Krishnamurthypuram yesterday as others look on.

Mysuru, Sept. 13 (PM&DM)- Sri Dharmasthala Manjunatheshwara (SDM) Educational Institutions Vice-President D. Surendra Kumar said that a Memorial for Jain queen Rani Chennabhairadevi will be built at the theme park to come up near Karwar, the district headquarters of Uttara Kannada. He was speaking after inaugurating the two-day National Seminar on 'Jain religion: Pro-social thoughts' organised by Hampi Kannada University's Jain Literature Studies Centre and SDM Women's College, Mysuru, at SDM Women's College in Krishnamurthypuram here on Monday.

Pointing out that Rani Chennabhairadevi, who was from Gerusoppa, was a great warrior who had warded off Portuguese invasion, Surendra Kumar regretted that the queen had not been given her due. As such, Dharmasthala Dharmadhikari Dr. Veerendra Heggade, who is now a RS MP, had sought a 10-acre area from the Government for the construction of her Memorial. Now, the Government has sanctioned the land and the Memorial would come up at the theme park near Karwar, he said adding that the Memorial will feature the queen's life and brave deeds, photographs, literature and documentary.

Noting that the gist of Jain religion is focussed on pro-social thoughts, Surendra Kumar said that the religion strongly advocates non-violence. The religion is centric to the idea of live and let others live, he added.

Hampi Kannada University Vice-Chancellor Dr. S.C. Ramesh, who presided, said that Jain religion had made enormous contribution to the country.

Maintaining that Jain literature has full of social thoughts, human values and narratives of life, he said that it is important to read it. The essence of all other religions too is the same as propounded in Jain literature, he added.

Kendra Sahitya Academy's Kannada Advisory Committee Member Dr. Padmini Nagaraj said that the preaching of Jain religion is just not limited to Jain faith. Stressing on the need for maintenance of peace and harmony between communities, she said it is important for everyone to lead life harmoniously at this critical juncture.

National Institute of Prakrit Studies and Research (Shravanabelagola) Director Dr. Jayakumar Upadhye, Hampi Kannada University Officers Dr. Tharihalli Hanumanthappa and Prof. G.C. Rajanna, SDM Women's College Principal Prof. Sainath Malligemadu and others were present.

The Seminar will conclude today, with the valedictory at 4 pm.

Green and white revolutions were driven by Science: MLC A.H. Vishwanath

State-level Dr. H. Narasimhaiah Award conferred

Mysuru, Sept. 13 (GA&DM)- Maintaining that Green (agriculture) and White (Milk) revolutions in the country were driven by Science, BJP MLC A.H. Vishwanath said that the agriculture revolution has made our country self-sufficient in food, catering to the food needs of over 130 crore population of the country.

He was speaking at the valedictory of the three-day 14th Akhila Karnataka Vijnana Sammelana organised by Karnataka Rajya Vijnana Parishat (KRVP) in association with Karnataka Science and Technology Promotion Society, Zilla Panchayat (ZP), District Administration, Karnataka State Open University (KSOU) and University of Mysore (UoM), at KSOU Convocation Hall here on Saturday.

Opining that basic science has come under attack from social media, Vishwanath said that one must never forget that basic science is very important for human life.

Maintaining that science plays a key role in nation's growth and prosperity, he said that the country's first Prime Minister Jawaharalal Nehru gave prominence to Science in this backdrop, when some criticised it. But later, the critics realised why Nehru did it, he said and lauded the work of Agricultural scientists of the country for achieving food sustainability.

KSOU Vice-Chancellor Prof. S. Vidyashankar, in his address, said that science cannot be twisted or distorted like history or political science. Asserting that a country's growth depends on the advancements of Science and Technology, he opined that Governments must promote research in all fields of science.

Former Indian Space Research Organisation (ISRO) Chairman A.S. Kiran Kumar, who chaired the three-day Sammelana, said that the rapid advancements going on in Science and Technology must be best used for sustainable development.

Highlighting the advantages and disadvantages of Artificial Intelligence (AI), Kiran Kumar said that AI must be used only for constructive and development purposes. There is an urgent need for creating public awareness on the limits of usage of AI, he added.

Bharat Scouts and Guides State Commissioner PGR Sindhia, who is also a former Minister, said that the current generation has got severely addicted to Google. Pointing out that Science is now more relevant than ever before, he stressed on the need for teachers and educators to teach scientific things to children. With the rampant use of plastics causing harm to nature, there is an urgent need to educate the public on the adverse effects of plastics, he added.

A souvenir was released marking the occasion.

Also, retired Central Food Technological Research Institute (CFTRI) Scientist Srimathi Hariprasad, Bengaluru's Science Communicator Prof. M.R. Nagaraj, Vijayapura's Prof. D.R. Balooragi and educationist from Kalaburagi Prof. B.K. Chalageri were conferred the first State-level Dr. H. Narasimhaiah Award on the occasion.

The Sammelana adopted a 10-point resolution to be forwarded to the Government, which chiefly included strict implementation of Karnataka Anti-Superstition Act.

KRVP President Girish Kadlewad, Vice-President H.G. Huddar, KSOU Registrar Dr. A. Khader, KRVP office-bearers E. Basavaraj, Nagaraj, Doddabasappa, B.N. Srinath, C. Krishnegowda, A.N. Mahesh, Dr. Shekar Nayak and G.B. Santosh Kumar and others were present.

Mayor holds his maiden meeting with officials

Mysuru, Sept. 13 (RK&DM)- With Dasara hardly a few days to go, Mayor Shivakumar held his maiden meeting with officials at the Mysuru City Corporation (MCC) Old Council Hall on Monday and discussed on addressing road issues.

Addressing the meeting, the Mayor directed the officials to extensively tour all the MCC Wards in order to get first hand information on public issues. Asking the officials not to show any lethargy or laxity in addressing people problems, he warned that strict measures will be taken for bringing about administrative transformation, if the officials do not change their mindset. Seeking the co-operation of officials in bringing out functional changes, he asked them to bring any hurdles to his notice.

Noting that he has been receiving several complaints in online payment of taxes, the Mayor wanted to know what was the problem.

MCC Commissioner G. Lakshmikantha Reddy, admitting that there were problems in April and May, said that now the problem has been resolved and online payment system is going on smoothly. Reddy further said that the rentals of commercial buildings and complexes owned by the MCC would be increased 2-3 fold if the MCC Council approves the hike.

MCC Deputy Commissioner M.J. Roopa said that the authorities have collected a fine of Rs. 31.50 lakh so far from shop-keepers across the city for using single-use plastics despite the strict ban.

During the course of the meeting, the Mayor gave some instructions, which chiefly included blacklisting of advertisers (hoardings and other publicity material exhibitors) who have gone to Courts against the MCC, evacuation of unauthorised hoardings erected at *Mall of Mysore*, mandatory usage of walkie-talkie given to MCC officials, preparation of an action plan for getting back the cleanest city tag, stipulation of date for celebration of Nalwadi Krishnaraja Wadiyar Jayanthi and measures for repairing 'Mayor House', the official residence of the city Mayor located along Cheluvamba Park adjacent to Akashvani Circle on KRS Road.

Deputy Mayor Dr. G. Roopa, Addl. Commissioner M.K. Savitha, Council Secretary Rangaswamy, VVWW EE Suvarna and others attended the meeting.

Goddess Chamundeshwari idol shifted from Palace to Hill Temple

Mysuru, Sept. 13 (SBD&KS)- The idol of Goddess Chamundeshwari which is in the possession of Mysore Palace Board was shifted to Sri Chamundeshwari Temple atop Chamundi Hill yesterday and was handed over to the Hill Temple (Muzrai Department). The idol of the presiding deity is put on display inside the Palace Museum and is taken out during Dasara festival.

Special puja was performed to the idol before it was handed over to Sri Chamundeshwari Temple Executive Officer Govindaraju by Mysore Palace Board Deputy Director T.S. Subramanya. Muzrai Tahsildar Krishna, Palace Assistant Executive Engineer Satish and others were present.

Nanjangud to host Yoga for villagers during Dasara

Mysuru, Sept.13 (MK&TRR)- Yoga Dasara, one of the attractions of Dasara festival has forayed into rural areas of the district this time. Following Prime Minister's Yoga performance in city on International Day of Yoga, there is an increase in the number of Yoga enthusiasts and it has been decided to create awareness about the importance and benefits of Yoga among the rural folks.

'The Rural Yoga Dasara will be held at the premises of Sri Nanjundeshwara Temple in Nanjangud, so that people from rural areas can take part in Yoga Dasara. For the first time, rural folks are participating in Yoga Dasara," said Yoga Dasara Sub-committee Special Officer Seemantini.

"Yoga Dasara will be inaugurated on Sept. 26 at Oval Grounds in city and will be held for seven days. Except for State-level Yogasana competitions, all other remaining programmes will be held from 6 am to 8 am. Many State and National-level Yoga performers will participate," she added.

Giving details Seemantini further said that on Sept. 27 'Yogavahini' programme will be held for People's representatives and media representatives at Javaregowda Park in Saraswathipuram.

'Yoga Sambhrama' will be held on Sept. 28 at Palace premises where hundreds of Yoga experts will give a demonstration of 75 special Asanas. On Sept. 29, State-level Yoga competition will be held at P. Kalingarao vedike in Dasara Exhibition Grounds. Yoga activists in the age group of 3 to 80 years can participate in the competitions which will be held from 9 am to 5 pm, she added.

"On Sept. 30, Yoga Chain event will be held at the Palace premises, where more than 2,000 Yoga enthusiasts will participate. On Oct.3, 'Yoga Charana' and 'Durga Namaskara' will be held atop Chamundi Hill. Those who wish to participate are required to climb the hill by foot and perform Yoga," Seemantini said.

Yoga at Nanjangud

On Oct 1, mass Yoga performance will be held at Sri Nanjundeshwara Temple premises where about 5,000 people will participate. "Through this programme, Yoga exhibition, hitherto limited to urban areas, is being extended to rural areas to create awareness about the importance and efficacy of Yoga," she added.

Breakfast arrangement

Breakfast is being planned for those who participate in the 7-day Yoga Dasara. Fruits and milk are likely to be distributed to the participants," said Yoga Dasara Sub-committee Special Officer Seemantini.

Uniforms distributed to Mahouts and Kavadis of Dasara jumbo squad

Mysuru, Sept.13 (MTY&TRR) Deputy Conservator of Forests (DCF) Dr. V. Karikalan yesterday distributed a pair of uniforms to the Mahouts and Kavadis of the Dasara Jumbo squad and asked them to get ready for the success of *Jumboo Savari.*

Uniforms were given to the Mahouts and Kavadis of the nine Dasara elephants which arrived in the first batch and uniform measurements were taken for Mahouts and Kavadis of five elephants which arrived in the second batch. They will receive the uniforms in the next 2-3 days.

Speaking on the occasion Dr. Karikalan said "Mahouts and Kavadis will ensure the success to *Jumboo Savari* and to bring in discipline, they are being given uniforms. Mahouts and Kavadis should work hard for the success of *Jumboo Savari* and they should see that people do not come close to the elephants."

During Navarathri, the number of tourists visiting the Palace will increase and they will venture near the elephants to have a close. In this background, Mahouts and Kavadis need to be very careful," Dr. Karikalan added.

WORD OF THE DAY

Assiduous

Pronunciation: uh-SIJ-uh-wus.
Meaning: Assiduous is a formal word that means "showing great care, attention, and effort."
Origin: While assiduous means "showing great care, attention, and effort," and in some situations may be an appropriate substitute for careful, it's got a bit more oomph than careful in that it suggests a dogged or tireless persistence. If you are assiduous in your efforts (or work, research, analysis, training, preparations, etc.) for example, it's implied that you're in it for the long haul, or that you have the ability to "sit with" a task or challenge for a considerable amount of time. This makes sense given that assiduous comes from the Latin verb assidēre, meaning "to sit beside."
Example: "No entombed Egyptian pharaoh has had the stunning and star-studded afterlife of King Tut.... It's all due to a stroke of good luck. Which would include an amazing dearth of tomb-pillaging, an intrepid archaeologist and his team, plus meticulous documentation from National Geographic. Also, an assiduous PR campaign for various touring exhibits celebrating the life and possessions of the 'boy king.'" — Jim Sullivan

THE ODD WORD

Abseil

To descend a rock face using a double rope.

PHRASE OF THE DAY

Against all odds

Meaning: The phrase 'Against all odds' means despite very low probability; in a most unlikely way.
Origin: Odds literally means the likelihood of success, given a specific set of numbers. The origin of the idiom "against all odds" can be traced to the origin of the word odd, which was first used in a wagering sense by none other than the great William Shakespeare in his 1597 work Henry IV. The pluralization of odd to odds did not happen until the 19th century, so it's likely that this idiom was coined after the use of the word "odds" instead of "odd" came into common use. Who said it first? No one really knows.
Example: "She managed to win the trophy against all odds."

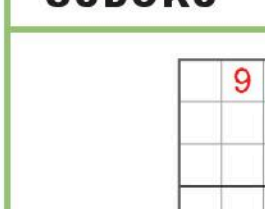
QUOTE BOX

A little nonsense now and then, is cherished by the wisest men.

— Anonymous

RIDDLE THIS

Solve the rebus:



Answer: Outpatient.

CROSS WORD

ACROSS:

1 Timid, bashful
4 Intense enthusiasm
8 Cobbler's tool

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The difficulty level of the Concept is Sudoku increases from Monday to Sunday.

CRYPTOQUIP

The Cryptoquip is a substitution cipher in which one letter stands for another. If you think that X equals O, it will equal O throughout the puzzle. Single letters, short words and words using an apostrophe give you clues to locating vowels. Solution is by trial and error.
